

Net Price Calculator + Scholarship Estimator

Stop losing students at the cost conversation.

Give families clear answers before they look elsewhere.

Students often ask: “How can I afford this school?”

Too often, schools struggle to answer that question clearly.

- Families see the sticker price and assume the worst.
- Net price calculators can be confusing, outdated, or hard to use.
- Estimates don't feel personalized or trustworthy.

When cost of attendance and financial aid feel uncertain, students disengage and move on to schools that make net price easier to understand.

When students can quickly see what they'll actually pay, they're far more likely to stay engaged and apply.

A Better Way to Show Cost

Ascendium's net price calculator gives students a clear personalized estimate in minutes — while helping institutions build trust, improve completion, and strengthen their enrollment pipeline.

What Students Experience

- A simple process with questions that adjust to their answers.
- A personalized estimate with a clear breakdown of aid and out-of-pocket costs.
- Results they can download or share with their family.

What This Means for You

- More students complete the process with confidence.
- Better-fit student prospects in your pipeline.
- Increased trust through transparent, institution-approved estimates.

Developed Around Your School

- Uses your tuition, fees, and financial aid rules.
- Adjusts for different student types (first-time, transfer, online, etc.).
- Easily updates as your programs or pricing change.

Built for Confidence and Compliance

- Meets federal net price calculator requirements.
- Integrates a Student Aid Index calculator.
- Provides insights through a user-friendly dashboard.

Add Early Scholarship Insights

Help students understand affordability even sooner using the scholarship estimator.

- Quick, one-page experience to estimate potential scholarships for first-time, full-time students.
- Higher completion rates lead to more qualified leads.
- Seamless data flow into the net price calculator for a faster, more personalized estimate.

The screenshot shows the Attigo by Ascendium net price calculator interface. At the top, there are navigation tabs: "Net Price" (selected), "Family Summary", and "Payment Option". Below the tabs, the main heading is "Net Price to Attend Ascendium for Academic Year (AY) 2026-2027" with a value of "\$12,904". A table lists the following items and values:

Estimated Grants and Scholarships	\$31,260
Estimated Remaining Monthly Responsibility (10 Installments)	\$1,291
Estimated Loan Available	\$5,500

Below the table, there is a button labeled "PAYMENT OPTIONS" and a note: "*Your estimated net cost per year is based on the data you have provided. It is the difference between the estimated cost of attendance and the total grants & scholarships." Below this, there is a section titled "Net Price Breakdown AY 2026-2027" with three expandable items:

- Estimated Cost of Attendance (Based on AY 2026-2027): \$44,164
- Estimated Grants & Scholarship: \$31,260
- Other Financial Aid: \$5,500

At the bottom, there is a section titled "Options to pay for remaining costs include" with a link to "ascendium payment plan: a monthly payment plan that allows you to pay for your remaining semester costs in up to five monthly payments per semester" and a link to "PLUS (Parent) Loan For more information". At the very bottom, there are buttons for "Reset", "Email me", and "Back".
